Champagne

“Too much of anything is bad, but too much Champagne is just right.” - F. Scott Fitzgerald

Vignerons

These are wines that are made by the same farmers that grow and pick the grapes. A different level of attention to detail comes from these wines with all unique notes and structures, some of the finest levels of Champagne comes from this section.

Riesling, Veltliner, & Gewürztraminer

Best known as German varieties, but they are beautifully made in Austria, France, and other countries throughout the world. Can vary from bone dry to extremely sweet, the alcohol by volume of each wine is an indicating factor of sweetness, the higher the ABV the drier the wine tends to be.

Burgundy

Chablis. A Chardonnay-making wine region in the northwest corner of Burgundy, France. Unlike other Chardonnay wines, Chablis frequently does not use oak, resulting in a different style and taste profile. It's because of Chablis' renown that the unoaked Chardonnay style is popular worldwide.

Côte de Nuits. Mainly producing red wines, this wine-growing region is a paradise for Pinot Noir, which is used for the majority of the Bourgogne region's Grands Crus.

Côte de Beaune. Named after the important town and wine center of Beaune. The greatest white wines of Burgundy (and some high-quality reds) are grown on this stretch.

Côte Chalonnaise. Produces 70% red wines. These are generally very approachable in their youth also very affordable due to no grand cru vineyards.

Maconnais. A region in the South of Burgundy, named after the town of Macon. The area produces a considerable quantity of wine, specializing in white wines made from Chardonnay.

Beaujolais. An important region of eastern France, famous for its vibrant, fruity red wines made from Gamay. It is located in the southern part of Burgundy

Chardonnay - Burgundy

One of the most prestigious grapes and wine-growing regions in the world. Chablis shows clean, lean, minerally driven wines providing a pure expression of the grape. The rest of Burgundy features unbelievable wine-making skills that bring the perfect balance of terroir, a sense of place.

French Rhone Blends

Consists of a majority of the following three grapes: Syrah (providing an intensity and dark fruit flavors), Grenache (lighter of the three grapes, light red fruits, crisp), and Mourvedre (bold fruits, structured power). These blends vary in profiles but all provide much excitement in the glass.

Merlot - United States

Merlot arbitrarily gets a bad reputation, but this wine can show beautiful vivid fruit flavors of cherry and plums with a luxurious soft finish that will linger on the palate. Best examples can rival Cabernet for intense structure and tannins.

Bordeaux

Left and Right Bank

Right Bank

French Merlot comes from the right riverbank in of Bordeaux, with a blend of Cabernet Franc and slight amounts of Cabernet Sauvignon. Some of finest examples of Merlot can be found here.

Left Bank

Predominantly Cabernet. Bordeaux introduced the concept of classification in 1855 from Napoleon III, and it now serves as an expression of quality and prestige worldwide. The principle of the crus classés (“classified growths”) perfectly illustrates the synthesis of a terroir’s typical characteristics and dedicated human intervention. They are ranked as PREMIERS CRUS (1st Growth), DEUXIÈMES CRUS (2nd Growth), TROISIÈMES CRUS (3rd Growth), QUATRIÈMES CRUS (4th Growth), and CINQUIÈMES CRUS (5th Growth). There are absolutely exceptions to qualities in this system.

Cabernet Sauvignon - California

It wasn't until the 1970s and 1980s that Napa Valley showed the world it meant business with Cabernet Sauvignon. In 1976, a private wine competition in Paris judged by several top French trades and journalists compared current releases of Bordeaux and Napa wines. Later called the "Judgment of Paris," the tasting results showed that American Cabernet could stand toe-to-toe with the most important Bordeaux wines of the time. Incredible wines that vary due to diverse microclimates and winemakers' vision for their wines.
